

Message from the President

Welcome to Clinton Community College!

Clinton is a comprehensive community college that offers a variety of academic programs. A hundred years ago, the George Moore Academic and Administrative Building was the historic Hotel Champlain. The breathtaking views of Lake Champlain, New York's Adirondack Mountains and the Green Mountains of Vermont made this site a destination for Presidents, captains of industry and other celebrities. Today, our students, faculty and staff enjoy those same views.

Clinton Community College offers degrees and certificates in general studies, technology, health and business. Our diverse curriculum allows Clinton to be a leader in education and a leader in our community. We strive to meet the needs of the region and its students by preparing them to transfer to a university or to enter the workforce directly after graduation. We enroll more than 2300 full and part-time students each year.

At Clinton we pride ourselves on being a small community college. But in this case, small is huge! If you are looking for smaller class sizes and more one-on-one attention from your professors, look no further. Clinton also provides opportunities to combine classroom studies with practical experience through internships with businesses in our community.

At Clinton you're not just another face, you're part of the family. Clinton offers academic and student support services that are designed to help students every step of the way. Your success in college is up to you, but in our new Coolidge Student Support Services Center will find advising and counseling services that will help you along your way. Clinton also offers a tutoring center and accommodative services for students with disabilities.

On campus you will find many amenities to enhance your college experience. The Moore Academic and Administrative Building includes the Cougar's Den, a great place to sit back and relax with friends while grabbing a bite to eat. The William H. Forrence Center for Health, Physical Education and Recreation is the hub of athletic activity. You can catch the Cougars in action on the hardwood, use the fitness center or take advantage of the indoor track. Our Ronald B. Stafford Center is home to state-of-the-art science and technology labs and to a modern theater and art studios.

At Clinton, we encourage you to engage in campus life and to help make this an even better community. Your education here will benefit you and those around you.

Thank you for taking the time to learn more about our College. I look forward to seeing you around campus!

About Clinton Community College

Clinton Community College is a residential, co-educational, progressive community college with a stunning location on the shores of Lake Champlain, offering panoramic views of New York's Adirondack Mountains and Vermont's Green Mountains.

This location became the permanent home of the College in 1971, when the Clinton County Legislature, upon recommendation of its Finance Committee and the College Board of Trustees, approved the purchase of the property of the former Hotel Champlain.

The spacious five-story George Moore Academic and Administrative Building has been transformed into a modern educational center. It houses the Coolidge Student Support Services Center, Douglas Library, Student Center and Cougars Den cafeteria, Alumni Art Gallery, faculty and administrative offices and the Campus Bookstore. Classroom facilities include a number of computer enhanced "smart" classrooms, several open computer labs and computer classrooms, in addition to regular classrooms. The campus has high-speed internet access and classrooms are connected to a fast local network.

The William H. Forrence Health, Physical Education and Recreation Center opened in November, 1991. This 40,000 square foot building houses a 1,000-seat gymnasium with elevated running track, racquetball courts, weight room, locker rooms, training room, classrooms, faculty offices, student lounge and conference room. Outdoor areas include a tennis court, soccer field and softball field.

The Ronald B. Stafford Center for Arts, Science and Technology opened in the Fall of 1998. The Center is home to the Wind Energy & Turbine Technology, Environmental Technology, Computer Technology and Industrial Technology Programs. The building has state-of-the-art science laboratories, a class-1000 clean room, computer enhanced "smart" classrooms, fully equipped photography labs and art studios, a beautiful atrium and 170-seat theatre.

Child care services are available on campus. Operated by the Faculty Student Association, the Child Care Center is located in the expanded McKinley Cottage and serves approximately 38 children, both full and part-time. Services are available to the campus and local communities.

The College's Faculty Student Association operates two residence halls, Cumberland Hall and Champlain Hall, and the adjacent PARC Dining Hall. The residential complex is conveniently located less than two miles from the main campus. Parking and scheduled local bus service is available.

Accreditation

Clinton Community College is accredited by the Middle States Association of Colleges and Secondary Schools. The Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104, Telephone: (267) 284-5000, e-mail: info@msche.org, is the unit of the Middle States Association of Colleges and Schools that accredits degree-granting colleges and universities in the region including Delaware, the District of Columbia, Maryland, New Jersey, New York, Pennsylvania, Puerto Rico, the U.S. Virgin Islands, and several international locations. The Commission is a voluntary, non-governmental, membership association that defines, maintains, and promotes educational excellence across institutions with diverse missions, student populations, and resources. It examines each institution as a whole, rather than specific programs within institutions.

The College's Nursing Program is accredited by the ~~National League for Nursing Accrediting Commission~~, Accreditation Commission for Education in Nursing, 3343 Peachtree Road NE, Suite 850, Atlanta, Georgia 30326 (Corrected March 2013). The Accreditation Commission for Education in Nursing (ACEN) (Updated 8/13) is the entity responsible for the specialized accreditation of nursing education programs, both post-secondary and higher degree which offer either a certificate, a diploma, or a recognized professional degree (Clinical Doctorate, Master's/ Post-Master's, Baccalaureate, Associate Degree, Diploma, and Practical Nursing). The Commission has authority and accountability for carrying out the responsibilities inherent in the application of standard and criteria, accreditation processes, and the affairs, management, policy-making, and general administration of the ACEN. ACEN is a nationally recognized specialized accrediting agency for nursing programs.

The Human Services Associate of Applied Science Program is accredited by the Council for Standards in Human Service Education (CSHSE). The Council is committed to assuring the quality, consistency and relevance of human services education through national standards, accreditation, consultation, research and publication. Its vision is to be a world-class organization promoting excellence and success in human service education, providing quality assurance, and guaranteeing standards of performance and practice through the accreditation process.

Mission
