Use the steps below to assist in the process of becoming a new student at Clinton Community College:

1. Complete Clinton application and submit to the Admissions Office.
2. Have applicant's High School forward their official transcript to the Clinton Admissions Office. If applicant earned a General Equivalency Diploma (GED), forward a copy of their GED certificate and scores to the Admissions Office.
3. Request official transcripts from all previously attended colleges.
4. After receipt of Acceptance Letter, submit \$50 tuition deposit (fee of intent).
5. Apply for Financial Aid at www.fafsa.gov.
6. Provide documentation of immunizations. Questions may be directed to the College Nurse at (518) 562-4129.
7. New, first-time full-time students may schedule an appointment to take a placement test with our Admissions Office. New, transfer or part-time students schedule an appointment to take a placement test with our Counseling & Advisement Office.
8. New, first-time students should schedule an appointment to register for classes with the Admissions Office. New transfer and part-time students should schedule an appointment to register for classes with the Counseling & Advisement office.
9. Obtain a Certificate of Residency within 60 days prior to the first day of the semester.
10. Attend Orientation.

STEP 1:

There are Two Ways to Apply For Admission:

1. Complete the free Clinton Community College Application. Obtain this application by calling the Clinton Admissions Office, or applicant's high school Guidance Office, or click on the "Apply Now" link on the Clinton homepage at www.clinton.edu. Once the application is completed, return it to Clinton's Admissions Office.
OR
2. Complete the SUNY APC application. This application will cost students \$50.00 for each college to which the student applies. This application is available at the applicant's high school Guidance Office. If a SUNY application is completed, it will first be sent to Albany and the Clinton Admissions Office will be notified approximately three weeks after it is received by the SUNY Application Processing Center in Albany.

For assistance, call the Clinton Admissions Office at (518) 562-4170 or 1-800-552-1160 or e-mail us at admissions@clinton.edu.

STEP 2:

High School Transcripts or GED

An official copy of the applicant's high school transcript showing all coursework completed to date is required. A final transcript indicating high school graduation is required

upon graduation from high school. Faxed transcripts are not considered official documents. A GED will be accepted in lieu of a high school transcript.

Home-Schooled Applicants

Home-schooled students will be eligible for consideration as applicants for admission to matriculated status if they can provide either:

1. A letter from the superintendent of the school district in which the student resides, attesting to the student's completion of a program of home instruction that is the substantial equivalent to a four-year high school course of instruction and meets the requirements of Section 100.10 of the Regulation of the Commissioner of Education, *OR*
2. A passing score on the general comprehensive examination for the state high school equivalency diploma (GED). Proof of high school equivalency may not be a homemade transcript or letter from a parent. If the student's home schooling experience was not monitored by a school district or accredited institution, he/she will be considered a student without a high school diploma or GED.

Applicants Without a High School Diploma

In order to be admitted to a degree program one must have a high school or general equivalency (GED) diploma. Applicants are advised to complete a GED course prior to reapplying to Clinton.

Applicants without a high school or general equivalency diploma may attend Clinton in non-matriculated status, limiting their access to financial aid. Students in this status who wish to graduate from Clinton must apply to the State Education Department for the GED upon successful completion of 24 credit hours. A nominal fee is required with the application. Please note that specific coursework is required to obtain the GED.

Applicants With an IEP Diploma

The New York State Education Department has ruled that an IEP diploma is different from a high school diploma in that it is not an indication of successful completion of high school study. Therefore, community colleges, including Clinton, are under no legal obligation to accept students under the terms of the New York State Full Opportunity Policy. Students who hold an IEP diploma will be referred to a GED program.

Admissions Review Committee

The Admissions Review Committee discusses an applicant who self reports they have been convicted of a felony offense. Applicants who are ex-offenders must request and complete the supplemental Application for Ex-offenders which is available from the Admissions Office and their Criminal Record. The Criminal Record must be submitted from the state in which the felony offense was committed. To obtain a criminal record in New York State, the applicant must make an appointment for fingerprinting with MorphoTrust by calling 1-877-472-6915 or www.Identogo.com. The ORI code of NYDCJSPRY will be required. The current records review processing fee is \$59.95. No application will be processed until this supplemental application and Criminal Record are completed and returned. Once these documents have been received, they will be reviewed by the Admissions Review Committee.

Admission applicants who have disciplinary dismissals from a prior college must complete the Application for Disciplinary Dismissals. No Admissions application will be processed until this supplemental application is completed and returned.

**STEP 3:
Previous College Transcripts**

If applicant previously attended other colleges, the official academic transcripts must be sent from those institutions. Often these requests must be in writing to the previous college's Registrar, and there may be a charge for the service. Failure to provide these transcripts could mean a delay in finalizing admission to Clinton and/or a delay in the release of financial aid.

ACT or SAT Test Scores

Clinton does not require these test scores. However, they are recommended for some degree programs as a guide for placement. Also, placement tests may be waived based on SAT and ACT scores (see information regarding College Placement Testing).

**STEP 4:
Acceptance to the College**

Once an application is completed and all necessary documents have been received by the College, applicants are notified of their acceptance. Included with the acceptance letter is a request to pay a nominal tuition deposit (fee of intent) to enroll at the College. Currently the deposit is \$50. Upon receipt of this deposit, the Admissions Office will send placement testing and registration information.

**STEP 5:
Financial Aid**

The Financial Aid Office at Clinton Community College assists students in applying for Federal, State and Clinton Foundation scholarship money in order to help them meet their education costs. However, the first responsibility for financing a student's education rests with the student.

The cost of attending college begins with tuition, fees, books and supplies. Depending upon individual circumstances and place of residence, additional costs such as living accommodations, board, transportation and a variety of personal expenses may have to be considered. Total costs at Clinton Community College may range from \$6,072 (includes tuition, fees and books) per year to more than \$17,340 (including tuition, fees, books, room, board etc.)

In general, to be eligible for Financial Aid Programs a student must:

- Have a high school diploma, or a General Equivalency Diploma.
- Be a U.S. citizen or an eligible non-citizen.
- Be matriculated and enrolled in an approved program.
- Be making satisfactory academic progress.
- Not have a federal student loan in default status.
- Be registered for the Selective Service (if male and over the age of 18).

How to Start the Financial Aid Process:

1. File the FAFSA form using one of the following methods:
 - a. File electronically at www.fafsa.gov.
 - b. Complete the renewal FAFSA at www.fafsa.gov.
 - c. If borrowing, accept the student loan offer through the student portal and complete entrance interviews and electronic promissory note. Instructions and forms are available at the Financial Aid Office or at www.clinton.edu.

Maintaining Your Financial Aid

Students must meet satisfactory academic progress in order to continue to receive financial aid. There are three components to satisfactory academic progress: qualitative, quantitative and maximum time frame.

The qualitative component requires a student to achieve

a certain grade point average based on the number of credit hours attempted.

The quantitative component requires that students earn a certain number of credits based on the number of hours attempted.

The following charts outline the requirements of federal and state financial aid recipients. Students must meet all components in order to continue to receive their financial aid.

**TAP 1:

**Must have 6 hours of completion before your second award.*

Students who fall below these minimums may apply for a waiver based on stringent, documented, extenuating circumstances beyond the student's control. Waivers are not automatically approved. All decisions of the Appeals Committee are final. If granted an appeal, students must maintain progress thereafter as outlined in this catalog. Students are allowed only one (1) waiver during their academic career, regardless of where the student attends college unless the waiver is received for not maintaining a 2.0 cumulative GPA after four semesters of TAP.

**STEP 6:
Health Records**

All students are required to complete immunization records upon admission. According to New York State Department of Health Law for post secondary institutions, students born on or after January 1, 1957 must provide proof of immunity against measles, mumps and rubella.

Proof of immunity consists of the following:

1. Measles – two doses of live measles vaccine given on or after first birthday, physician documented history of disease or serological evidence of immunity.
2. Mumps – one dose of live mumps vaccine given on or after the first birthday, a physician documented history of disease, or serological evidence of immunity.
3. Rubella (German Measles) – one dose of live rubella vaccine given on or after the first birthday, or serological evidence of immunity.

All students are required to complete a Meningococcal Meningitis response form. Students accepted for the Nursing Program must adhere to the standards of the program's affiliated agencies.

STEP 7: Placement Testing

All matriculated students are required to take the placement tests or meet the following exemption criteria before they will be allowed to register for classes. There will be no exceptions to this policy. The placement test results will be used to determine the level of English and mathematics at which the students begin their course of study. Placement test scores are used to determine the level of study a student should pursue during his/her first semester. Students whose placement test scores indicate that they need assistance in reading, writing, or mathematics will be placed in the appropriate basic skills courses.

Students should contact the Admissions Office for information concerning placement tests and test dates. The placement test is free of charge and offered on campus at a variety of times for the students convenience. ~~Students may be exempted from placement testing if they have:~~

- ~~1. Successfully completed a college level writing and/or math course at another college with a grade of C or better.~~
- ~~2. Scored 500 and above on both the Reading and Writing sections of the SAT or 21 and higher on the English section of the ACT exam. These students are exempt from the English section of the placement test.~~
- ~~3. Scored 80 or above on the NYS Math B Regents exam or the NYS Algebra 2/Trigonometry Regents exam, or scored 500 or above on the SAT math section or scored 20 or higher on the ACT math section. These students are exempt from the mathematics section of the placement test and their high school transcripts will be reviewed for placement into the appropriate math course.~~

Students may be exempted from placement testing under the following conditions:

Exempt from the mathematics and English sections of the placement test:

- Successfully completed a college level writing and/or math course at another college with a grade of C or better.

Exempt from the English section of the placement test:

- SAT exam: scored 560 and above on the Reading and Writing sections of the SAT, with Reading and Writing/ Language Sub-scores of 34 and above.
- ACT exam: scored 31 and above for the Reading section and 10 and above on the Writing section of the ACT exam.

Exempt from the mathematics section of the placement test (high school transcripts will be reviewed for placement into the appropriate math course):

- Scored 80 or above on the NYS Common Core Algebra II Regents or NYS Algebra 2/Trigonometry Regents; or
 - Scored 20 or above on the ACT math section; or
 - SAT exam: scored 530 or above on the math section.
- (Placement test policy update effective Spring 2017.)*

STEP 8: Registration

Students who have been accepted to the College and have paid their tuition deposit must attend a new student registration session. Course selection and registration occur at this time.

Call the Admissions Office at (518) 562-4170 to schedule an appointment to register.

Transfer students and part time students should contact the Counseling and Advising Office at (518) 562-4199 to schedule an appointment to register.

STEP 9: Certificate of Residence

To qualify for the resident tuition rate, a student is required by law to present once each academic year, on or before registration, a Certificate of Residence indicating that he/she has been a legal resident of the State of New York for one year and of the county in which he/she resides for six months. Exceptions: Active Duty Military personnel, spouses and dependents stationed in New York are considered New York State residents for tuition purposes.

The application must be completed, notarized, and presented to the County Treasurer of the county in which the student resides. The County Treasurer will then issue a Certificate of Residence to the student. This Certificate of Residence must be presented to the Bursar's Office at the time of registration.

STEP 10: Orientation

For more information, see page 42.

Admission with Advanced Standing

Transfer Credit

Degree/certificate candidates at Clinton may receive credit for similar courses completed at other accredited colleges and universities. See Transfer Procedures/Credit Evaluation beginning on page 10 of this catalog.

The College Board Advanced Placement Exam (AP)

The College recognizes credit for Advanced Placement Examinations of the College Entrance Examination Board for college level courses taken by students while still attending high school. Advanced placement scores of three and above will normally earn the student college credit for the corresponding courses required for a degree or certificate at Clinton Community College. Specific degree programs may require higher scores in order to receive credit.

DANTES

Clinton recognizes Educational Testing Services (ETS) Defense Activity for Non-Traditional Education Support (DANTES) exams. Consult the Registrar's Office.

Armed Forces Credit

Credit may be awarded for courses evaluated for credit by the American Council on Education (ACE).

College Level Examination Program (CLEP) Standardized Examinations

A student may have acquired knowledge through prior learning experiences, which can be validated by passing a standardized test. College Level Examination Program Services, Defense Activity for Non-Traditional Education Support and Regents

College Examinations are testing services which offer college proficiency exams in many academic subjects. CLEP/DANTES/Regents College Exams have testing centers throughout New York State including one at SUNY Plattsburgh in the Center for Adult Learning Services (518) 564-2050. Questions concerning Regents College Examinations can be directed to the central office: Regents College Examinations, Cultural Education Center, Albany, NY 12230 (518) 474-3703.

International Students

Clinton welcomes students from countries other than the United States. Applicants who are not United States citizens, whether they are enrolled in school in the United States or another country, should request international student application forms from the Admissions Office (www.clinton.edu/admissions). International applicants must meet the academic standards for admission, show proficiency in English, and certify that they will have the necessary amount of financial support needed for each year of study. Applicants who meet these three requirements are issued an I-20 form, Application for Student Visa. Clinton offers English as a Second Language courses at the intermediate and advanced levels; applicants should contact the Admissions Office for more information. Applicants should submit the Test of English as a Foreign Language (TOEFL) scores. Information about the TOEFL examination may be obtained at www.toefl.org or in writing: TOEFL, Educational Testing Service, Box 899, Princeton, New Jersey 08540 USA. Students may also take placement tests in Math and English rather than submit TOEFL scores.

Competitive Degree Programs

If a student does not have the required coursework for immediate admission to a competitive degree program, they will be offered the opportunity to enroll in a general course of study to prepare for admission into the competitive degree. The Admissions Office handles acceptance into such programs separately.

Also, additional applications and paperwork may be required in order to determine admission. Call or write the Admissions Office at (518) 562-4170 or admissions@clinton.edu for more information about these programs.

Nursing Program

Admission to this program is selective. Clinton's Nursing program requires students to have previous coursework that makes this program selective in nature. If a student does not have the required coursework for immediate admission to Clinton's Nursing program, they will be offered the opportunity to enroll in the Health Studies Certificate program or in a general course of study to prepare for admission into the competitive degree. Decisions will be made by the Nursing Admissions Committee. In addition to the general college admission procedures, applicants must file a separate nursing application directly with the Admissions Office. The process and guidelines followed include:

1. Completion of a college preparatory high school program which must include four (4) units of English, three (3) units of social science, two (2) units of mathematics and three (3) units of natural laboratory science (biology and chemistry required) OR satisfactory achievement in equivalent college level courses. An overall high school average of 80 or better is expected.
2. Completion of the college's placement test, unless the exemption criteria have been met.
3. Completion of the pre-admission test (Test of Essential

Academic Skills: TEAS)

4. Submission of ACT or SAT results if available.
5. Submission of three letters of character reference from other than a relative.
6. Submission of an official transcript of a prior post-secondary education.
7. A personal interview may be required.
8. Ability to meet New York State statutory regulations which mandate persons licensed to practice nursing must be emotionally and physically sound.
9. Students who have attended other nursing schools must arrange to have a letter sent from that school concerning the reasons for withdrawal.
10. Credit for prior science courses (Anatomy & Physiology and Microbiology) will be recognized if course(s) have been taken within five (5) years of admission to Nursing and a grade of "C" or better was earned. **Anatomy and Physiology I & II are considered "one course" and must transfer in together before beginning NUR103, or be repeated at Clinton Community College. (Statement added Fall 2016.)**
11. Must be eligible for MAT 101/103 or higher. Candidates admitted to the Nursing Program must provide a satisfactory health report, using a form provided by the College. Students enrolled in Nursing are expected to abide by the rules and regulations listed in the Handbook for Students in the Department of Nursing, which is distributed to all new entering nursing students. All nursing students must attend Nursing Orientation and Registration sessions.

Selective Admissions Programs

Clinton Community College offers three Individual Studies Programs (A.A., A.A.S., A.S.) offering students the opportunity to customize their degrees in pursuit of specific career or transfer objectives. Admission to Individual Studies is subject to committee approval to ensure that the student's educational objectives cannot already be met in a pre-existing program and that the curriculum is academically rigorous. To pursue this degree program, a student begins the process by completing a supplemental application form. In consultation with the coordinator, the student will draft a curriculum for their Individual Studies program and then submit the proposal for committee review. Students may enroll in Individual Studies after already enrolling or as a new student, though new students must receive committee approval prior to receiving acceptance from the Admissions Office. Most new students are designated as undeclared or liberal arts majors until the proposal is submitted and reviewed by the committee.

NOTE: Committee approval is not required for students who wish to enroll in established Individual Studies Degree programs; Hotel, Restaurant Management & Tourism, Plattsburgh Aeronautical Institute (PAI), Social Work or Sports Management.

Transfer Procedures

Credit Evaluation

The amount of transfer credit accepted varies according to the curriculum requirements of the program being pursued; however, in every case a minimum of fifteen (15) credit hours must be completed at Clinton Community College to qualify for a degree or certificate. Transfer credits may be awarded, at the discretion of the Registrar, for the following reasons:

1. Academic credit earned at a post-secondary institution which is authorized by a state Department of Education

to grant an Academic Degree. Grades of "C" or better will be transferred in to Clinton. For grades less than "C", see policy on transfer of "D" grades below. "Pass" grades will be transferred in to Clinton for credit, providing that the course and higher education institution in question meet transfer criteria.

- Credit earned through military service schools, based upon the recommendation of the American Council on Education regarding collegiate level courses.
- Credit earned through United States American Forces Institute (USAFI) courses, based on the recommendation of the American Council on Education.
- Credit by examination through the College Level Examination Program (CLEP) when results meet the recommendations of the American Council on Education.
- Credit by examination through the College Proficiency Examination Program with a minimum grade of "C".
- The Science Department at Clinton Community College will make available a list of science proficiency exams that students may successfully complete to earn science credit at Clinton. Included in this list will be the proficiency exam title, the minimum passing score a student must earn to receive Clinton science credit, the number of credits a student will be awarded and the course number and title that will appear on the Clinton transcript. Only methods of evaluation on the list of approved proficiency exams will be honored by the Clinton Science Department due to their known reliability/validity and increased transferability. This policy encompasses all Clinton science courses listed. This information is available from the registrar, VPAA and/or department chairs.
- The Science Department at Clinton Community College will accept transfer of a science course from another institution only if the said class includes a laboratory component. This class will be transferred as equivalent to the appropriate science class at Clinton. If the transferred class incorporates a laboratory class, with no equivalent class offered at Clinton, this class will transfer as a science elective credits. In the case where the transferred class does not incorporate a laboratory component the class will transfer as "free elective" credits.

Transfer credits do not affect the quality point average earned at Clinton Community College. Only credit hours are transferred, not grades or quality points.

Exception to transfer procedures:

The Nursing program will accept transfer credit for BIO 226 — Anatomy and Physiology I, BIO 227 — Anatomy and Physiology II, and BIO 204 — Microbiology, if the course was taken within the past five years.

Policy on Transfer of "D" Grades

Clinton Community College may accept for transfer credit, a maximum of three (3) courses (not more than twelve credit hours) for which a student has earned a grade of "D".

The request for "D" grade transfer must be approved by the student's advisor and the student must meet either condition A or B below:

- The student has completed a minimum of twenty-four (24) credit hours of study elsewhere with a grade of "C" or better for at least twelve (12) of the twenty-four (24) hours; *OR*
- The student has satisfactorily completed one full semester at Clinton Community College with the grade of "C" or better for at least twelve (12) credit hours of study.

NOTE: This policy does not override any curriculum-specific policies.

Undeclared Student Status

Students may choose to remain in the "undeclared major

status" for a period of time upon entry to the College in order to allow them time to decide on a career path and major field of study. All students must declare a curriculum or major at Clinton Community College by the time they have completed 24 credits of study ~~at the College~~. **The 24 credits of study includes earned transfer credit and credit earned while the student was dually enrolled through college in the high school programs.** The major may be either one of the formal curricula listed in this catalog or an approved individualized studies degree program. (*Effective Fall 2016*)

Non-Matriculated (Non-Degree Seeking) Status

This status is reserved for students who are not seeking a degree or certificate at the time of admission, are not interested in receiving financial aid, and who wish to waive placement testing and academic advisement which would normally determine the suitability of their courses for degree fulfillment or transfer credit.

Because of these conditions, enrolling for classes under this status is streamlined. The Non-Matriculated Student Status is designed to allow any interested individual to attend college credit courses without declaring a major or seeking a degree.

Students who register under this status for a given semester may not matriculate until the following semester.

This status is most suited to students who wish to enroll in courses for the following reasons: personal enrichment, learning/upgrading job skills, fulfilling degree requirements for another institution.

Direct Conversion Guidebooks

Nationally recognized guidebooks (American Council on Education or Program on Non-Collegiate Sponsored Instruction) have established recommended credit conversion for civilian or military jobs. To have potential credits actually evaluated (converted by guidebook and placed on college transcript), the student must make an appointment with the Registrar and provide documentation.

College Proficiency Test

Faculty/department prepared proficiency examinations may be available for selected courses offered at Clinton Community College. A student can challenge any specific course if a faculty member makes an exam available. After paying the required examination per credit hour fee and passing the examination a student will earn credit for the course. The student should contact the Life Experience Credit Program Coordinator at (518) 562-4142.

Senior Citizen Auditing

Persons who have reached the age of sixty may register free as auditors in credit or non-credit courses. Registrations for credit-bearing courses will be accepted on a space available basis. No credit will be granted to auditors, no examinations will be required, and no outside work will be assigned to them. Non-credit courses and workshops must have the required minimum of paying students, and senior citizen auditors cannot be counted when determining whether or not a course has the minimum enrollment. Lab fees or other fees may be charged.

Special Notice for Veterans

Veterans with more than one year of active duty in the armed service may petition for two credit hours of Health/Physical Education (HPE) credit. This credit may be awarded on the basis of verified participation in a concentrated period of physical education activities (basic training) while on active duty in the U.S. Armed Forces. The Registrar's Office will need a copy of the Veteran's DD 214 form or Joint Services Transcript (JST) in order to award transfer credit for military experience.

Online Learning

The College offers credit courses and academic programs via the Internet in two different formats. Asynchronous courses are taught entirely on the web, and students can take the course without coming to campus. A hybrid course is taught partly online but will require some on-campus meetings per semester. The number of on-campus meetings varies according to the need of the class.

An online course has the same content and standards as the on-campus sections of the same course. The quality of teaching and learning in online courses is as high as on-campus courses. Students write papers, complete homework assignments, take tests, ask and answer questions, and participate in discussions via the web. Students can complete course work any time of day or night that is convenient for them.

Student services available to on-campus students are also available to online students. Books and other class materials can be ordered via the bookstore website. Academic advising is offered by phone or email. Library services and live-chat library assistance are available. Tutoring for all kinds of academic writing and math is available online 24/7.

Technology Requirements

To take an online course at Clinton, you must have easy and consistent access to a computer where you live and a reliable Internet connection. You also need to work with a compatible web browser to have full functionality within your online course. Compatible browsers can be downloaded free and are listed at <https://clinton.sln.suny.edu>. Some instructors require students to use special software necessary to their course. This information can be found at www.clinton.edu/onlinelearning.

College Policies

All college policies apply to online courses. Two additional policies apply:

1. The last day to register for an online class is the day before the regular semester begins. Once the semester begins, students cannot add an online course.
2. Online courses are open and available to students one week before the regular semester begins. Students are encouraged to log on to their online courses during this orientation week, so they can participate in online activities to determine if the course is appropriate for them. Students can withdraw without penalty during orientation week.

Online Degrees

All courses for the following degrees can be taken online at Clinton:

- **Business Administration A.S. (Transfer)**
This Associate in Science degree is intended for students who wish to transfer to a bachelor degree program in Business Administration.
- **Business Administration A.A.S. (Career)**
The Business Administration Career program is for students contemplating careers in the expanding field of marketing, sales, retailing, advertising, personnel, office management and other related fields.
- **Liberal Arts: Humanities/Social Science**
This Associate in Arts degree prepares students for transfer to four-year programs in many professional fields, including history, art, psychology, sociology, communications, English, foreign languages and many others.

Degrees and Certificates More Than 60% Online

The following degrees or certificates are offered with 60% or more of the courses available online:

- A.A. in Criminal Justice
- A.S. in Liberal Arts: Math / Science
- A.A.S. in Business Accounting
- A.A.S. in Computer Information Systems
- Certificate in Computer Support
- Certificate in Health Studies
- Certificate in Payroll

Other Online Opportunities

You can complete general education requirements and free electives for other Clinton degree programs online. You can complete the first two semesters of many Clinton degree programs online.

Current online course offerings are listed on Clinton's website: www.clinton.edu/onlinelearning.

College Advancement Program (CAP)

The College Advancement Program exists to better serve the needs of the local high school student population. CAP enables high school students to simultaneously receive both high school and college-level course credit. The objective of this program is to provide high-performing high school students an affordable opportunity to experience college-level courses and as a result, improve their chances of being successful in their transition from secondary to postsecondary education. Students participating in CAP are non-matriculated (not seeking a degree or financial aid) students of Clinton. However, students enrolled in CAP must meet the same placement requirements as matriculated students.

CAP courses are taught at the high school by approved high school instructors and have the same academic rigor as our on-campus courses.

Admission to CAP is designed to ensure student success. Students who wish to enroll in CAP courses through their high school must:

- Have completed their sophomore year of high school.
- Be recommended for admission by a high school counselor, principal, assistant principal or superintendent.
- Meet the same placement and prerequisite requirements as on-campus students (i.e. English, math).

As a result of participating in CAP, students will:

- Get a head start on their college education.
- Gain self-confidence in their ability to do college-level work.
- Enrich high school curriculum.
- Receive an official College Transcript verifying completion of college-level work.

Credits will transfer to most other colleges and universities; however, each institution has its own policies and regulations concerning the transfer of credits. Students are advised to check with the college(s) they are considering regarding transferability.

Life Experience Credit Program

Clinton Community College recognizes that college-level learning may be acquired outside the traditional classroom setting. Students may be awarded college credit for prior work experiences in which college-level learning occurred. The most important point is that Life Experience Credit is awarded for learning, not for experience. Many students have prior learning experiences that are extremely valuable and worthwhile; however, these experiences may not convert into college credit. In order to be awarded Life Experience Credit, the learning outcomes must be shown to be equal to a similar college classroom experience. Awarding college credit for experience requires identifying and documenting the college learning gained outside the classroom.

Independent Study

Independent Study is a vehicle for serving the special needs of the student body, complementing the regular programs of study with added educational and cultural experiences. Qualified students with particular interests may pursue them in greater depth than present courses provide or, in appropriate cases, may pursue honors level studies.

Procedures

1. Independent study applications will be completed by the student in consultation with the appropriate faculty member.

The student's signature will indicate that he or she fully understands the description of the material to be studied, the evaluation procedures to be used, the work to be produced, the time frame allowance, and the credits to be granted. The sponsoring faculty member(s) will sign and date the form and forward it to the appropriate Department representative.

2. The Department will review the proposed contract to assure that the study is appropriate to this College, and that the credits to be granted are commensurate with the study involved. The Department will forward the form to the student's advisor.
3. The student's advisor will review the proposed contract for the purpose of incorporating its content into the student's program. If the independent study contract is a substitution for a required course, the appropriate substitution form will be completed by the advisor and attached to the proposed contract for action by the Vice President for Academic Affairs. The fact that it is a substitution will be entered on the application by the advisor.
4. The Vice President for Academic Affairs will review the application and provide final administrative action on the contract. A lab fee may be charged as deemed necessary by the Vice President for Academic Affairs. If, subsequent to approval, a change in any items on the contract proposal is required, such change will require approval in the same manner as the original contract application. To effect a change, a new application will be processed with the change noted and the reason for the change specifically noted on the application. No change is in effect until final review and approval by the Vice President for Academic Affairs.
5. The application becomes a formal contract only when all qualifications are met. Those qualifications are: student load, payment of fees and tuition, and registration of the contract by the Registrar. Registration must be complete by the end of add/drop period.

Directed Course Study

Directed study in a catalog course may be available to part or full-time Clinton students enrolled in a degree program when a scheduling conflict exists involving required courses or when a student is within fifteen (15) credit hours of graduation. There must be an exceptional reason for a student to take a regular catalog course as a directed study rather than in a scheduled class.

When a student feels that it will be necessary to take a course by directed study, the student should contact his/ her advisor to see if an alternative course of study could be found. If a directed study seems to be necessary, then the student should:

1. Find an appropriate instructor at the College willing to conduct the course as a directed study.
2. Obtain the required form from the Registrar's Office. The student should complete the part on the form that asks for the reason why the course is being taken as directed study. The instructor administering the directed study will complete the part asking for how the directed study will be given and how the student will meet the course requirements.
3. When the form has been completed, the student will bring it to the appropriate Department Chairperson or administrative head. The Department will review the proposed course of study to determine if it would meet

the requirements of the course when taken in a regularly scheduled class.

4. If the proposal is approved by the Department, it will be forwarded to the student's advisor. If approved, the advisor will forward the proposal to the Vice President for Academic Affairs.
5. The Vice President for Academic Affairs will review the application and provide final administrative action on the proposal. If, subsequent to approval, a change in any items on the contract proposal is required, such change will require approval in the same manner as the original application. To effect a change, a new application will be processed with the change noted and the reason for the change specifically noted on the application. No change is in effect until final review and approval by the Vice President for Academic Affairs.
6. The application becomes a formal contract only when all qualifications are met. Those qualifications are: student load, payment of fees and tuition, and registration of the contract by the Registrar. Registration must be completed by the end of add/drop period.

Basic Skills Program

Students who succeed in college have strong reading, oral and written communication, mathematical, and reasoning skills. To provide the assistance that many new college students need to improve their skills in these areas, Clinton Community College offers the following Basic Skills courses:

- ENG 101S Composition Foundations
- RDG 095 Reading Foundations
- MAT 096 Arithmetic
- MAT 098 Prealgebra
- MAT 100 Introductory Algebra
- COM 100 Communication and Life Skills

Students are placed in Basic Skills courses on the basis of placement test scores and previous educational experience. Some students are advised to take all of the Basic Skills

Program courses, while other students may need one or two of the courses. Descriptions of the Basic Skills courses are included in the course description section of this catalog.

Academic-support services, such as the following, are available to students in Basic Skills Program courses:

1. Tutoring in writing, reading and mathematics.
2. Tutoring in most subjects taught at Clinton Community College.
3. Personal, academic and vocational counseling and advising.

Although some Basic Skills Program courses do not count toward students' degree requirements, these courses provide the opportunity for personal and academic development that many students need in order to reach their educational goals.

The Honors Program at Clinton Community College

Mission: The Honors Program supports a community where bright, intellectually curious and creative learners can thrive and develop their talents. The Honors Program challenges and motivates students through special educational opportunities and enrichment experiences.

Vision: The Honors Scholars will be asked to take intellectual risks through stimulating coursework and personal growth opportunities. They will work collaboratively with each other and with faculty, and will leave the program with an enriched collegiate experience. It is our hope that Honors Scholars will become lifelong learners and active citizens who inspire others, and, in doing so, strengthen the community.

Core Values:

- Excellence and Integrity
- Curiosity and Creativity
- Leadership and Service
- Community and Diversity

How to Register for Classes

Course registration is coordinated by the Registrar's Office, located in the Moore Academic and Administrative Building, Room 139. Registration dates are posted on the Clinton Community College website and the Registrar's homepage (student portal).

Certain procedures are necessary in order to register for courses. Students wishing to enroll should follow the process given according to their enrollment status.

Continuing Students

Full-time or part-time students who plan to return to Clinton the next semester (no break in attendance) and are working towards a degree or certificate need to:

1. See their assigned advisor prior to the beginning of the registration period to complete a registration card.
2. Register for classes online through the student portal.
3. Pay for classes by due date specified on bill.

Returning Students

Full-time or part-time students who have had a break in their attendance at Clinton (excluding summer/winter sessions) and are working towards a degree or certificate need to:

1. Submit official college transcripts to the Admissions Office if another college(s) was attended since last attending Clinton Community College.
2. Complete the Re-Entry Form (available in the Counseling and Advisement Office).

3. Schedule and attend an appointment with an advisor in the Counseling and Advisement Office for course advisement.
4. Register for classes online through the student portal.
5. Pay for classes by due date specified on bill.

Non-Matriculated Students*

Students who are not seeking a degree or certificate and are not interested in receiving financial aid (student loans included) need to:

1. Complete a non-matriculated registration card (available in the Registrar's Office or on the Registrar's Office website).
2. Register for classes at the Registrar's Office. *Students who are only taking online courses may fax registration cards to the Registrar's Office at (518) 562-4118.*
3. Submit immunization records to the College Nurse, if applicable. The nurse can be reached by calling (518) 562-4129.
4. Pay for classes by due date specified on bill.

**NOTE:* Non-matriculated students who are active-duty in the military, veterans, veteran spouses, or veteran dependents are strongly encouraged to contact the Veteran's Certifying Official located in the Registrar's Office prior to registration. See page 41 for more information about Veteran's Services.

Questions?

Questions about the registration process should be directed to the Registrar's Office at (518) 562-4124. Additional information about registration can also be found on the registrar web page at www.clinton.edu/registrar.

**The payment may consist of cash, check, VISA, MasterCard, financial aid awards, and/or completed promissory notes or payment plans.*

Refund of Tuition and Fees

To obtain a refund, it is necessary for the student to complete the appropriate Add/Drop form and submit it to the Registrar's Office. Refunds will be received from 4 to 6 weeks after withdrawal.

Section 602.11 of the Code of Standards and Procedures for Community Colleges Operating Under the SUNY Program States:

a) A student who is given permission to cancel registration shall be liable for payment of tuition and refundable fees in accordance with the following schedule:

Schedule of Student Tuition Liability

Liability	Semester	10-Week Term	8-Week Term	or less
Prior to First Day0000
During First Week 25% 50% 75% 75%
During Second Week 50% 75% 100% 100%
During Third Week 75% 100% 100% 100%
After Third Week 100% 100% 100% 100%

1. Approval of the cancellation with the date it becomes effective must be certified by the chief executive officer of the College or their duly designated representative. No money shall be refunded unless application for the refund is made within one year after the end of the term for which the tuition requested was paid to the College. The first day that classes are offered, as scheduled by the College, shall be considered the first day of the semester, quarter or other term, and the first week of classes for purposes of this section, shall be deemed to have ended when seven calendar days, including the first day of scheduled classes, have elapsed.
2. A tuition liability schedule for any term other than those listed in the schedule above shall be determined by the chief executive officer of each college subject to the approval of the Chancellor of State University.

b) Exceptions:

1. There shall be no tuition or refundable fee liability established for a student who withdraws to enter military service prior to the end of an academic term for those courses in which he/she does not receive academic credit, provided the student submits proper certification of such military service from an appropriate military official.
2. A student who is dismissed for academic or disciplinary reasons prior to the end of an academic term shall be liable for all tuition and fees due for that term.
3. Tuition and fees collected in error, or in amounts in excess of the required amounts may be refunded. The request for refund shall include the reason for and the amount of the refund.
4. A student who is receiving Veterans Administration benefits under the Veterans Readjustment Assistance Act of 1952, Pub. L. No. 82-550, 66 Stat. 663 (1952), see subdivision (d) of this section, and is enrolled in a nonaccredited program may not be charged on withdrawal in excess of the approximate prorated portion of the total charges that the length of the completed portion of the program bears to its total length and shall be entitled to a refund of any amount paid in excess thereof.
5. A student who withdraws while receiving Federal financial assistance under Title IV of the Higher Education Act of 1965, as amended, under section 668.22 of title 34 of the Code of Federal Regulations (34 CFR 668.22), shall receive a calculation of earned vs. unearned financial assistance based on the withdrawal date and determined on a pro rate basis of completion of the enrollment period. If the student withdraws on or before the completion of 60% of the enrollment period and has received more grant or loan assistance than he/she has earned, the institution and/or the student is responsible for the return of the unearned funds to the Title IV program as the law specifies. This return may result in additional charges assessed to the student's account.
6. Notwithstanding any other provisions for refund, when a student has withdrawn through circumstances beyond

his or her control, under conditions in which the denial of refund would cause undue hardship, the chief executive officer of the College may, in his or her discretion, determine that no liability for tuition and fees has been incurred by the student, provided the student has not received or will not receive academic credit for the term. Such action, including the reason therefore, shall be in writing.

- c) Military personnel withdrawing from any program or term because of changes of assignment beyond their control and upon proper certification of such change from a base education service officer or other appropriate military official shall be deemed to have incurred no liability for tuition and fees due from such personnel, as opposed to tuition and fees paid by the Federal government in their behalf.
- d) Section 668.22 of title 34 of the Code of Federal Regulations, revised as of July 1, 1997, the Veterans Readjustment Assistance Act of 1952, Pub. L. No. 82-550, 66 Stat. 663 (1952), and sections 1070, et seq. of title 20 of the United States Code, as amended by Pub. L. No. 105-33, 111 Stat. 648 (1997), which have been incorporated by references in this section are on file in the Office of the Secretary of State of the State of New York, 41 State Street, Albany, NY 12231-0001. They are also available for public inspection and copying in the State University of New York Office of the Vice Chancellor for Finance and Business, State University Plaza, Albany, NY 12246. The Code of Federal Regulations and the United States Statutes at Large are published by The National Archives and Records Administration's Office of the Federal Register. The United States Code is published by the Office of the Law Revision Counsel of the United States House of Representatives. Copies of the publications may be obtained from the United States Government Printing Office Superintendent of Documents Sales Service, Washington, DC 20402.

Return of Federal Title IV Funds Policy

Section 484B of the Higher Education Act of 1965 as amended by the Higher Education Amendments of 1998 (Public Law 105-244) requires a return of Federal Title IV funds for students who withdraw from school on or before the completion of 60% of the payment period.

The institution will make a determination of the percentage of grant or loan assistance earned for the period the student attended during the payment period. If the student has received more grant and/or loan assistance than the amount earned, the institution, the student or both are responsible for returning the unearned funds as the law specified.

The amount of unearned Title IV aid due from the institution will be calculated by multiplying the percentage of Title IV aid unearned times the institutional charges for the payment period.

The student, or parent for a PLUS loan, is responsible for returning the difference between the unearned aid disbursed and the amount the institution will return. Loan funds that a student must return, or parent for a PLUS loan, are repaid in accordance with the terms of the promissory note. In the case of grants, PELL and FSEOG, the law provides that the student's responsibility for returning funds is reduced by 50%. Arrangements can be made for returning grant overpayments by contacting the Department of Education.

Funds are required to be returned to the Title IV programs, up to the total net amount disbursed from each source, in this order:

1. Unsubsidized Direct Stafford Loan*

2. Subsidized Direct Stafford Loan*
3. Perkins Loan*
4. FFEL/Direct PLUS*
5. Federal PELL Grant
6. FSEOG
7. Other Title IV programs

*For students and parents, loan amounts are returned in accordance with the terms of the promissory note.

The school will advise the student, or the parent in the case of a PLUS loan, in writing, if they are eligible for a post-withdrawal disbursement for grant or loan assistance earned and not credited to outstanding charges on the student's account.

The student, or parent in the case of a PLUS loan, may accept or decline some or all of a post-withdrawal disbursement. To accept all or some of the post-withdrawal disbursement, the student or parent, in the case of a PLUS loan, must respond to the institution's notification within 14 days of the date that the institution sent the notification. If a student, or parent in the case of a PLUS loan, does not reply within 14 days of the date that the institution sent the notification, the school will assume that the post-withdrawal disbursement has been declined and no further disbursements will be made.

Workshop Refunds

Before First Class	100%
After First Class	0%

Refunds should be received within four to six weeks after a reported withdrawal.

Tuition Appeals

A Tuition Appeals Committee reviews requests for refunds not meeting the Refund Policy criteria. The student must officially withdraw from the course(s) being appealed prior to submitting the Tuition Appeal. Appeals must be submitted to the Tuition Appeals Committee, utilizing the form available at the Bursar's Office and the Center for Community & Workforce Development. Requests for refunds must be made within thirty (30) days following the end of term for which the tuition was paid.

Course Cancellation Policy

The College reserves the right to cancel a scheduled course. When this occurs, every effort is made to inform students in a timely manner. In the case of a canceled course, all tuition and fees related to the course will be refunded in full.

Financial Aid

The Financial Aid Office at Clinton Community College assists students in applying for Federal, State and Clinton Foundation scholarship money in order to help them meet their education costs. However, the first responsibility for financing a student's education rests with the student.

The cost of attending college begins with tuition, fees, books and supplies. Depending upon individual circumstances and place of residence, additional costs such as living accommodations, board, transportation and a variety of personal expenses may have to be considered. Total costs at Clinton Community College may range from \$6,072 (includes tuition, fees and books) per year to more than \$17,340 (including tuition, fees, books, room, board etc.)

Students wanting to be considered for financial aid at Clinton (including student loans) must complete the Free Application for Federal Student Aid (FAFSA) annually. The FAFSA not only determines student eligibility for all federal aid including the PELL Grant program, but it also is the generating document for the New York State Tuition Assistance Program (TAP). A student who lists a NYS address on the FAFSA and at least one college located in NYS should complete the TAP application at www.hesc.ny.gov. Financial aid at Clinton is awarded based on student eligibility, need and the availability of funds.

Steps for Filing for Financial Aid:

1. File the FAFSA form by one of the following methods:
 - a. Complete a new application electronically at www.fafsa.gov.
 - b. Complete a renewal application electronically at www.fafsa.gov.
2. Clinton's code for the FAFSA form is 006787.
3. Complete the TAP on the web application at www.hesc.ny.gov.
4. Clinton's code for TAP is 2036.
5. If borrowing, accept a student loan through the student portal, or contact the Financial Aid Office.

Federal Aid

In general, to be eligible to receive federal aid students must:

- Show financial need based on the information provided on the FAFSA.
- Complete the verification process with appropriate corrections (if required) prior to aid being processed.
- Have a high school diploma or General Equivalency Diploma (GED) for access to Federal Financial Aid.
- Be U.S. citizens or an eligible non-citizen.
- Be matriculated and enrolled in an approved program.
- Be making satisfactory academic progress.
- Not owe any refunds on a PELL Grant or other federal funds.

- Not be in default on federal student loan.
- Be within aggregate limits for Pell and student loans.

Clinton Community College participates in the following Federal Financial Aid Programs:

- Federal Pell Grants
- Federal Direct Stafford, subsidized and unsubsidized, Federal Direct Parent Loan for Students
- Federal Supplemental Educational Opportunity Grant – FSEOG
- Federal Work Study – FWS
- Aid to Native American Students

Federal Pell Grant

The Pell Grant is designed to provide financial assistance to full and part-time students. Amount: During the 2015/2016 academic year the awards range between \$626 and \$5,775 for eligible students. Visit www.clinton.edu for information.

How to Apply: Complete the Free Application for Federal Student Aid (FAFSA) on the web at www.fafsa.gov.

Notification: Clinton will automatically receive an institutional copy of the Student Aid Report for all students who indicated on the FAFSA that Clinton was one of their college choices. The Financial Aid Office will then calculate the PELL award based on that document, or request more information as needed. Eligible students will be notified of their awards through the student portal.

The Federal PELL Grant will be credited to the student's account and will be disbursed according to the College's disbursement policy. Disbursements are issued by the Bursar's Office.

The order in which financial aid is paid to the student bill is as follows:

- State Grants
- Clinton Foundation Scholarships
- Loans
- Federal Pell Grants
- Outside Scholarships

The College will take the funds as received and issue a refund, if due, only after the student bill is satisfied in full.

Campus Based Aid

Students are evaluated for campus based aid on the basis of information provided on the Free Application for Federal Student Aid (FAFSA). Awards are based on student financial need as well as availability of funds.

Federal Supplemental Educational Opportunity Grant (FSEOG)

Eligibility: Recipients must have exceptional financial need and be in an approved program.

Amount: FSEOG awards at Clinton range from \$300-\$1,000 per year depending on financial need and the availability of funds.

How to Apply: Complete the Free Application for Federal Student Aid (FAFSA). The established cutoff date for consideration of FSEOG funds is May 1st. All applications received/processed prior to this date will be considered for these funds. Applications received/processed after this date will only be considered if funds are still available.

Notification: Clinton will automatically receive an institutional copy of the Student Aid Report for all students who indicated on the FAFSA that Clinton was one of their college choices.

The Financial Aid Office will then award aid as indicated, or request more information as needed. Applicants awarded FSEOG will be notified of their awards.

FSEOG awards will be credited to the student's account and will be disbursed according to the College's disbursement policy. Disbursements are issued by the Bursar's Office.

Federal College Work Study Program (FCWS)

Eligibility: Recipients must be enrolled at least half-time and have financial need as determined by the FAFSA.

Amount: Federal Work Study positions pay not less than minimum wage and average 6-10 hours per week.

How to Apply: Complete the Free Application for Federal Student Aid (FAFSA).

Notification: Clinton will automatically receive an institutional copy of the Student Aid Report for all students who indicated on the FAFSA that Clinton was one of their college choices. The Financial Aid Office will determine if the applicant is eligible for Federal Work Study, or request more information as needed. Eligible students select a job from a list of eligible positions. Once the student has been interviewed by the job supervisor, and hours have been set, the student returns to the Financial Aid Office to pick up their student appointment form. The student is then sent to the Payroll Office to complete payroll paperwork.

Federal Work Study will be disbursed in accordance with the College payroll schedule, based on approved time sheets submitted.

Federal Direct Student Loans Program

The loan program allows students to borrow money from the Federal Government. Applicants must complete the FAFSA, Master Promissory, Note Entrance counseling session, and accept their student loan offer. Instructions for completing these steps are available at the Financial Aid Office or www.clinton.edu. Each first time student loan recipient will be required to complete an electronic entrance interview prior to receiving their student loan disbursement. In addition, first time borrowers at Clinton will have a 30 day delayed disbursement of their loan. All borrowers must attend an exit interview when graduating or withdrawing from school.

The Federal Direct Student Loan will be credited to the student's account. Loan proceeds will be applied against outstanding tuition, fees, and authorized charges and the remaining student loan proceeds will be refunded to the student, in accordance with the College's disbursement schedule available at the Bursar's Office. Refund payments are made by check and must be picked up in person with identification.

Federal Subsidized Stafford Loan

This is a subsidized loan with the interest being paid by the government until 6 months after a student leaves college or attends less than half time.

Eligibility: Eligibility is determined using the following: cost of attendance, other financial aid, and expected family contribution as determined by the FAFSA.

Amount: A first year student (less than 30 credit hours towards their degree) may borrow up to \$3,500 per year. Second year students (30 or more credit hours towards their degree) may borrow up to \$4,500 per year. Both first and second year students may be eligible for an additional \$2,000 unsubsidized loan based on need. Undergraduate students

may borrow an aggregate limit of \$23,000.

Interest: Depends on date of first disbursement. Visit www.direct.ed.gov.

Notification: After processing the loan application, the Financial Aid Office notifies the student as to the amount of the loan and the approximate disbursement date.

Federal Unsubsidized Stafford Loan

This loan has all the same terms as a Federal Subsidized Stafford Loan except: the student is responsible for the interest while in school and does not need to prove financial need to receive the loan.

Eligibility: Eligibility is determined using cost of attendance and other financial aid.

Amount: A first year student (less than 30 credit hours towards their degree) may borrow up to \$5,500 per year. Second year students (30 or more credit hours towards their degree) may borrow up to \$6,500 per year. Independent undergraduates are eligible for additional amounts. Check with the Financial Aid Office to determine your eligibility. Undergraduate students may borrow an aggregate limit of \$31,000 for dependent students and \$57,500 for independent students.

Interest: Depends on date of first disbursement. Visit www.direct.ed.gov.

Notification: Loans are subject to the approval of the Federal Government. Students will receive an official approval from the Federal Government.

Federal Direct PLUS (Loans for Parents)

Eligibility: A parent of a dependent student must apply, must be a U.S. citizen or eligible non-citizen, may not be in default on any educational loan or owe a refund on an educational grant, and is subject to a credit check.

Amount: Cost of attendance minus financial aid.

How to Apply: Loan process and procedures are available online at www.clinton.edu/financialaid/loans.cxml.

Interest: The interest rate depends on the date of disbursement. Visit www.direct.ed.gov.

Repayment: Begins 60 days after last disbursement for loan period, unless deferment is requested.

Notification: Loans are subject to the approval of the Federal Government. Parent will receive notification of approval from the Federal Government.

Financial Aid Requirements

To Maintain Federal Financial Aid

Students must meet satisfactory academic progress in order to continue receiving federal financial aid. Satisfactory academic progress for Federal Financial Aid Programs (Pell, SEOG, Work Study, Stafford Loans, and PLUS) includes qualitative and quantitative components.

Qualitative component

Students must achieve a certain grade point average based on the number of credit hours attempted.

Quantitative components

Passing Grades: Quantitative component is where students must successfully complete a certain number of credits based on the number of hours attempted.

Successful completion is defined as receiving a grade of A, B, C, or D (including plus, minus or N grades). Grades of W, I, R or F are not successful completions. Transfer credits are used in hours attempted and/or earned for both Federal and New York State requirements.

Maximum Time Frame: Students must complete their degree after they have attempted semester hours equal to 150% of the published time frame for their program. Non-credit course work (during the first semester) is not considered when calculating hours attempted for the 150% of maximum time frame.

The chart below outlines satisfactory academic requirements for Federal Financial Aid recipients. Students must meet the qualitative and both parts of the quantitative components in order to continue receiving their Federal Financial Aid.

Students who fall below these minimums may apply for a waiver based on stringent, documented, extenuating circumstances beyond the student's control. Waivers are not automatically approved. All decisions of the Appeals Committee are final. If granted an appeal, students must maintain progress thereafter as outlined in this catalog.

Students who do not have documented, extenuating circumstances and who have not been academically dismissed from Clinton Community College may attend at their own expense until they have reached the minimums listed in the above chart.

New York State Financial Aid

In general, to be eligible for New York State Financial Aid Programs a student must:

- Have a high school diploma, General Equivalency Diploma or pass a test approved by the U.S. Department of Education. Clinton will test students prior to being admitted.
- Be a U.S. citizen or an eligible non-citizen.
- Be matriculated and enrolled in an approved program.
- Be making satisfactory academic progress.
- Not be in default on federal student loan.
- Be a NYS resident.

Clinton Community College participates in the following New York State Financial Aid programs:

- Tuition Assistance Program (TAP).
- Aid for Part-Time Study (APTS).
- State Special Scholarships such as Children of Deceased or Disabled Veterans, Child of Deceased or Disabled Police Officers or Firefighters etc. For more information on New York State special scholarships contact: New York State Higher Education Services Corporation (NYSHESC) Office of Grants and Scholarships, Albany, NY or check their website at www.hesc.ny.gov.

New York State Tuition Assistance Program (TAP) (Full-Time only)

Amount: A student's award is limited to the maximum award from the applicable award schedule or tuition, whichever is less.

How to Apply: Complete the FAFSA on the web listing a NYS address and indicating at least one college in NYS for which to send the information. Apply online at www.hesc.ny.gov, TAP on the web, which is prefilled with your FAFSA data, and if applicable historical data from HESC's system.

Notification: NYS Higher Education Services Corporation will notify student of their award. The Tuition Assistance Program is subject to the final passage of the New York State Budget.

Part-Time TAP for Student with Disabilities

Eligibility: Same as TAP eligibility except students do not have to be full-time and must have a documented disability under the 1990 Federal Americans with Disabilities Act. Students will need to have eligibility verified by Clinton's Disability Specialist.

How to Apply: Complete the FAFSA on the web listing a NYS address and indicating at least one college in NYS for which to send the information. Apply online at www.hesc.ny.gov, TAP on the web, which is prefilled with your FAFSA data, and if applicable, historical data from HESC's system.

Notification: NYS Higher Education Service Corporation will notify the student of their full-time Tap Award. The Certifying Official at Clinton will notify HESC of the student's status as part-time with documented disability. HESC will issue an official award notice based on part-time attendance.

Aid for Part-Time Study (APTS)

Eligibility: The student must:

- Be working toward an undergraduate degree as a part-time student enrolled for 3-11 credit hours per semester.
- Have completed 6 credit hours at Clinton Community College with at least a 2.0 GPA.
- Retain good academic standing (students must maintain a minimum 2.0 GPA at Clinton).
- Be a resident of New York State.
- Be either a U.S. citizen, or eligible non-citizen.
- Meet income limits as set forth by NYS.

Amount: Awards will vary based on available funding.

How to Apply: Visit www.clinton.edu/financialaid to complete applications and return to the office with a copy of the appropriate NYS tax return.

Notification: The Financial Aid Office will notify the student of their approval or denial of APTS Awards. New York State Financial Aid (TAP & APTS) will be credited to the student's account and disbursed according to the College's disbursement policy.

Financial Aid Requirements To Maintain New York State Financial Aid

Students must meet satisfactory academic requirements in order to continue receiving state financial aid. Satisfactory academic progress for New York State programs includes Pursuit of Program and Academic Progress.

Pursuit of Program requires a certain percentage of earned credits to be accrued vs. attempted credits (including transfer credit).

Academic Progress requires that the student achieve a certain grade point average based on the number of semesters attended. The chart below outlines satisfactory academic requirements for NYS financial aid recipients. Students must meet both Pursuit of Program and Academic Progress requirements.

Students who fall below these minimums may apply for a waiver based on stringent, documented, extenuating circumstances beyond the student's control. Waivers are not automatically approved. All decisions of the Appeals Committee are final. If granted an appeal, students must maintain progress thereafter as outlined in this catalog. Students are allowed only one (1) waiver during their academic career, regardless of where the student attends college, unless the waiver is received for not maintaining a 2.0 cumulative GPA after four semesters of TAP.

Students who do not have documented, extenuating circumstances and who have not been academically dismissed from Clinton Community College may attend at their own expense until they have reached the minimums listed in the above chart.
