Missing persons should be reported directly to College Security or to the Office of the Associate Dean for Student Services. **Do not wait** if you believe a student is missing. Federal law states that the campus is required to provide missing person notification to 1) all local police agencies, 2) the student’s contact person (if provided), and 3) parents of students under the age of 18 years of age.

### **Clinton Community College MISSING STUDENT Policy and Procedure**

A missing student is defined as any student who resides in a facility owned or operated by Clinton Community College/FSA and is reported missing from his or her campus residence.

#### **Residence Hall Students**

Any person who believes a student is missing should be directed to Campus Security in the Security Office at: (518) 593-0777.

Campus Security will initiate a Missing Student Incident Report.

Campus Security will escort, or contact via phone after hours, the individual filing the report to the Office of the Associate Dean for Student Services .

Based on information gathered, and conversation with the emergency contact person, the Associate Dean for Student Services will decide if the case raises to a Level II protocol. Level II protocol includes:

- Make a copy of ID card picture, circulate an “All Points Bulletin” to Campus Security and to University Police at Plattsburgh State University
- Notification and transfer of information o local law enforcement

**Emergency Response**

A campus emergency is designated as any situation that significantly disrupts regular college functions for any period of time.

The campus has designated the Vice President for Administration and Finance as the Incident Commander responsible for directing all campus emergency /activation responses.

A campus evacuation is when a building or campus must be immediately vacated due to an imminent threat to personal health or safety.

Campus alerts for emergency or evacuation notices will be sent out immediately (within 5 minutes) after recognition of a campus emergency by the incident commander or designee unless sending such a message will compromise the effort to deal with the emergency or to rescue a victim. The campus will be notified of a campus emergency or campus evacuation by use of the following systems:

Activation of the active alert broadcast system which broadcasts messages across campus via a series of campus speakers. Initiated by the Incident Commander or designee. This is immediate and should occur within five minutes of the incident.

Campus email system to all students, faculty and staff. Initiated by the Incident Commander or designee. This is immediate and should occur within five minutes of the incident.

Campus voicemail to all students, faculty and staff. This is immediate and should occur within five minutes of the incident.

Messages posted to the campus web page. Initiated by the Vice President for Institutional Advancement. This should occur within a ½ hour of the incident.

Press Releases to local news media and radio stations. Initiated by the Vice President for Institutional Advancement. This should occur within a ½ hour of the incident.

Individuals tasked with the authority to send emergency notifications are as follows:

- President of the College
- Vice President for Administration & Finance
- Vice President for Academic Affairs
- Vice President for Institutional Advancement
- Director of Buildings and Grounds
- Dean of Enrollment Management
- Associate Dean of Student Services

Testing of the emergency response and evacuation system should occur once per year under the direction of the Director of Buildings and Grounds. Records will be kept and maintained by the Director of Buildings and Grounds for each test, including the following information:

- A description of the test
- The date and time of the test

**Campus Crime Alerts or “Timely Warnings”**

In the event that a situation arises, either on or off campus, that, in the judgment of the Associate Dean for Student Services and Captain of Security, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued.

The warning will be issued by the Associate Dean for Student Services through the college email system to students, faculty, and staff and will be posted on campus and in the campus residence halls as appropriate.

Anyone with information warranting a timely warning should report the circumstances to Campus Security at 562-4215 or the Security Annex.

**Reporting a Crime**

For non-emergencies, contact Campus Security at 593-0777 or in the Security Office, Main Bldg.

For emergencies, dial 9-1-1.

Any suspicious activity should be reported to Campus Security.

Those who report Clery Act violations are protected under the college’s non-retaliation policy. In addition, you may report a crime to the following areas:

- Associate Dean of Student Services 562-4121
- Vice President for Administration 562-4130
- College Nurse 562-4129

Please contact the President’s office for information about membership.

**Limited Voluntary Confidential Reporting**

Anyone who is the victim of or witness to a crime is encouraged to promptly report the incident to the police. Because police reports are public record under state law, we cannot hold reports of crime in confidence.

### Campus Security

Campus Security is provided by USA Security Associates. Campus Security Officers have the authority to ask persons for identification and to determine whether individuals have lawful business at the College. Campus Security Officers are to act as referral agents to local law enforcement and to other campus officials, and may make referrals to the campus judicial process through the Office of the Associate Dean of Student Services. Campus Security personnel do not have the power to arrest. Campus security personnel have a very good history of communication and collaboration with local law enforcement, who at times are asked to respond to serious situations on campus.

Criminal offenses are reported to the local police for further investigation. Campus Security maintains close communication with local law enforcement agencies.

All crime victims and witnesses are strongly encouraged to immediately report the crime to Campus Security and the appropriate law enforcement agency. Prompt reporting will assure timely campus response and disclosure of accurate crime statistics.

### Access to/Security of College Facilities

College facilities should be used for the purposes for which they are intended and according to the following activity-based priorities:

1. Academic Programs.
2. Extra-Curricular Programs, including Athletics.
3. College Affiliated Groups (Foundation, Alumni, etc.).
4. Non-College Group Functions.

Because of potential scheduling conflicts, it is possible that late requests from high-priority groups may be rejected in favor of commitments to lower-priority groups. This requires the need for centralized and early scheduling of all College related activities.

The use of College facilities shall be generally limited to groups engaged in educational, cultural, or charitable activities. Use by groups for purposes which are primarily profit oriented is not to be permitted. This, however, does not rule out educational activities which may also enhance the user's profit potential. An example of this would be training sessions or classes for member of a professional group or trade association designed to enable the participant to serve society more effectively.

#### Applications may be Approved, provided:

1. the activity does not conflict with regularly scheduled activities of the College or specially planned events or programs not regularly scheduled but with prior approval of the administration. Generally, requests for use of facilities on Sundays or during College vacation periods will not be approved.
2. the primary function of the group is educational or cultural. The group may not be a political action group and activities may not be primarily social, fundraising, political, or religious in nature.
3. the group has adequate leadership and supervision to ensure adherence to College regulations.

#### Procedures

To promote consistency, all requests from off-campus groups shall go initially to the Director of Buildings and Grounds who will determine whether the group is eligible. Application forms are provided by the Director of Buildings and Grounds and should be completed for each instance of intended use. Each application will be reviewed separately.

A contract, which spells out the obligations of both parties, shall be signed by the user. When required by the Vice President for Administration and Finance, a certificate of insurance shall be provided by any group using space.

The College does not permit smoking, drinking or eating in any classrooms. Alcoholic beverages are not permitted on campus, unless specific permission is requested from and granted by the Board of Trustees (see Policy 1500). Nothing may be sold, given, exhibited or displayed in connection with the use of facilities unless written permission has been requested and permission granted by the Vice President for Administration and Finance.

#### Residence Life and Housing

Staff are committed to supporting the College's health and safety agenda in the residence halls. Our residence halls are supervised by a professional Director of Campus Life, and the residence halls have a live-in Residence Hall Director with at least one Resident Advisor on each floor to make students aware of safety concerns and policies.

Residence Halls are locked 24 hours per day, and access may be obtained only through the use of a Personalized Entry Device (PED) that tracks via computer database all entries into the building. Campus Security is a visible presence on the Residential Campus each evening and cctv cameras are maintained throughout the residential campus for added security.

## Security Awareness Programs

During Orientation in August students are informed of services offered by Campus Security, the Office of the Associate Dean of Student Services and the Counseling and Advisement office. Residence hall staff discuss residence hall safety during their first floor meetings. Health, Wellness, and Safety programming is done throughout the academic year by the Counseling and Advisement staff.

When time is of the essence, information is released to the college community through “timely warning” alerts posted throughout campus and via direct e-mail announcements to students, faculty, and staff.

## Reporting Locations

The main campus of Clinton Community College is located at 136 Clinton Point Drive in Plattsburgh, NY.

The residential campus, owned by the Faculty Student Association of Clinton Community College, Inc., is located approximately 2.3 miles from the main campus at 14 Dormitory Drive, Plattsburgh, NY.

Statistics from both locations are included in this report.

Please see the map on this page to better understand the definition of “campus” as required by the Clery Act.

## Behavioral Assessment

The At-Risk Team (CARES) at Clinton Community College meets weekly to assess student behavior. The intention of this group is to identify, report, and address specific student behaviors that might be of concern, but fall outside of existing reporting procedures. The group identifies students who appear to

be “at risk” of behavioral and/or academic difficulty and develops strategies for addressing these concerns with students. Specifically, this group will intervene as early as possible with students who have been identified as at-risk; collect information from faculty, staff, and students about behavior that may be threatening; stay attuned to escalating behavior or potential physical violence; and develop a plan of action to assist the student in achieving success at Clinton Community College.

Please contact the Associate Dean of Student Services at 518-562-4121.

## Crime Prevention Programs

Crime prevention programs and programs addressing individual safety are offered by various College offices throughout the year. Resident Assistants regularly offer programs on personal health, wellness, and safety as part of their programming requirement in the residence halls.

Campus Security offers a campus escort program offering to escort any faculty, staff or student to their vehicle should they request one.

### Criminal Activity Off Campus

Clinton Community College does not have any off-campus student organizations requiring monitoring by local law enforcement agencies. Clinton Community College does not have any “non-campus” property. The two areas of campus are the Main Campus (on Bluff Point) and the Residential Campus (on Dormitory Drive).

*Clinton Community College Campus Locations*

## Alcohol and Other Drugs

Clinton Community College is a drug and alcohol-free campus.

Possession, use or distribution of illegal drugs or alcohol on college property or at college-sponsored events will result in serious disciplinary action. Students could be expelled. Employees could be fired.

It is important to note that, under local, State and Federal laws, illegal use of drugs and alcohol are serious crimes. Felony convictions carry serious consequences, including loss of citizenship rights dur-

ing the period of sentence and possible jail terms. Conviction jeopardizes future educational and employment opportunities.

Further information on the legal ramifications of drug and alcohol abuse, including the Student Rights and Responsibilities document and the text of Public Law 101-226, is available in the college library and in the Office of the Associate Dean of Student Services. Violators are subject to college disciplinary action and possible criminal prosecution.

## Alcohol and Substance Abuse Information

### Prevention Programs

Clinton Community College has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students, faculty and staff. The program provides services related to drug use and abuse including making available informational materials, educational programs, and referrals coordinated through

the Office of Counseling and Advisement.

### Local, State & Federal Legal Sanctions Governing Alcohol

The State of New York sets 21 as the minimum age to purchase or possess any alcoholic beverage. Specific ordinances regarding violations of alcohol laws are available from the Office of Campus

Security. A violation of any law regarding alcohol is also a violation of the College's Code of Student Conduct and will be treated as a separate disciplinary matter by the College.

Clinton Community College offers educational seminars on Alcohol and Other Drugs. For more information, contact the Counseling and Advisement Office at 562-4199.

**The Campus Security Act also delineates what violations need to be reported. The definitions presented in this report are taken from the Uniform Crime Reporting Handbook. The definitions of sex offenses are excerpted from the national incident-based reporting edition of the Uniform Crime Reporting Handbook.**

**CCC does not tolerate bias-related actions or activities. Contact Campus Security (ext. 777) or the Office of the Associate Dean for Student Services (room 231M, ext. 121) for information on reporting a bias-related incident on campus.**

**Sexual Assault Prevention and Response**

The College educates the student community about sexual assaults and date rape through programming offered through the Offices of Campus Life and of Counseling and Advisement. The Counseling and Advisement Office also offers programs on sexual assault education upon request from students, faculty, or staff. Literature on date rape education, risk reduction, and the college's response is available at the Office of Counseling and Advisement and the Health Office.

If you are a victim of a sexual assault, your first priority should be to get to a place of safety. You should then obtain any necessary medical treatment. Victims of a sexual assault are encouraged to report the incident in a timely manner. Time is a critical factor for the collection and preservation of evidence. An assault should be reported directly to Campus Security, a College administrator, or a member of the Residence Hall staff. Filing a police report will not obligate

the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from officers. Filing a police report will ensure that a victim receives the necessary medical treatment, provide for the opportunity to collect evidence, and assure that the victim has access to free confidential counseling. In all cases, college personnel will assist students in notifying authorities if requested.

When a sexual assault occurs, Campus Security will notify the local police who will continue the investigation should the student wish to complete a formal report with the police. Counseling services are available to students off campus and the Counseling and Advisement staff can provide a referral should that be requested of them. Should a student request a change in their course section or residence hall room these requests can also be accommodated.

College disciplinary proceedings, as well as special guidelines for cases involving sexual misconduct, are

detailed in the Student Handbook.

The Handbook provides, in part, that the accused and the accuser are entitled to the same opportunities to have a support person during the hearing. Both the victim and the accused will be informed of the outcome of the hearing. A student found responsible for violating the College's sexual misconduct policy could be both criminally prosecuted and suspended or expelled from the College.

**Weapons Policy at  
 CCC**

*Firearms and dangerous weapons of any type are not permitted on campus. Our code of student conduct states: "Unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals on college or FSA premises" is prohibited.*

**Reporting a crime to a college official does not obligate a victim to pursue criminal prosecution. CCC staff will assist students upon request with contacting local law enforcement .**

**Sex Offender Registry available to the public on the following web site:**

[www.criminaljustice.state.ny/nsor/index.htm](http://www.criminaljustice.state.ny/nsor/index.htm)

## Sexual Offender Registration Act

This act requires the Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The Registry contains information on sex offenders classified according to their risk of re-offending as follows:

Low Risk (Level 1)

Moderate Risk (Level 2)

High Risk (Level 3)

The Act requires that DCJS also maintain a subdirectory of level 3 sex offenders.

The DCJS Sex Offender Registry site contains their subdirectory of Level 3 sex offenders as well as other information regarding New York State's Sex Offender Registry.

Sex offenders in New York are required to notify the Registry of any institution of higher education at which he or she is or expects to be, whether for compensation or not,

enrolled, attending, or employed, and whether such offender resides or expects to reside in a facility operated by the institution.

Changes in status at the institution of higher education must also be reported to the registry no later than ten days after such change.

### Campus Disciplinary System and Sex Offenses

The accuser and the accused are entitled to the same opportunities to have a support person present during a disciplinary meeting, and both the accuser and the accused will be informed of the outcome of any institutional disciplinary proceeding that is brought alleging a sex offense.

#### Notifications Regarding College Follow-Up for Students Involved in Sex Offenses

Personal advisement is available through the Counseling and Advisement Office, (Room 142M).

Counseling or Mental Health referrals can be made to community agencies through the Counseling and Advisement Office for students affected by a sex offense.

Victims have the right to choose counseling and medical treatment and to report and prosecute their case through the college judicial system and/or the legal system. They have the right to refuse these options without reproach from any College personnel.

If requested by a student, CCC will change a victims academic and living situation after the alleged sex offense, and the options for those changes are available through the Office of the Associate Dean of Student Services.

## Sanctions for Sex Offenses - Clinton Community College

Clinton Community College outlines the following sanctions for judicial violations in the Student Handbook as part of the Code of Student Conduct. CCC's Lower Disciplinary Board may impose the following sanctions:

being waived and that the full range of sanctions may be imposed, including suspension or expulsion from the College.

The Associate Dean of Student Services, or designee, may defer proceedings for alleged minor violations of this Code for a period not to exceed ninety days. Pending charges may be withdrawn thereafter, at the discretion of the Associate Dean of Student Services, or designee.

### Disciplinary Conferences

Students may choose to have an administrative hearing with the Associate Dean of Student Services, or designee, in lieu of a Lower Judicial Board hearing for offenses which would not result in the expulsion or suspension of students. In the case of residence hall students, the Director of Campus Life may serve as the administrative hearing officer. In the case of commuter students, the Chair of the

Lower Judicial Board may serve as the administrative hearing officer.

Student rights include:

1. Written notice of the specific charges at least three (3) business days prior to the scheduled conference.
2. Reasonable access to the case file prior to and during the conference. The case file consists of materials, which would be considered "educational records," pursuant to the Family Educational Rights and Privacy Act of 1974; personal notes of College staff members or complainants are not included.

**Campus Fire Safety**

In 2009, updates to the Clery Act require each campus to produce an Annual Fire Safety Report for any campus that has residence halls. In addition, Campus Security is responsible for maintaining a “Fire Log” to track any fire related incidents in the residence halls. Clinton Community College has two residence halls which operate as one residential complex, and fire drills are con-

ducted for both buildings at the same time.

For the 2015 calendar year, we report the following statistics:

The number of fires: 0

The number of deaths related to fire: 0

The number of injuries related to fire that resulted in treatment at a medical facility: 0

The value of property damage related to fire: 0

**Clinton Community College has approximately 100 residents living in two residence halls**

**Fire Safety Rules in the Residence Halls**

Students are permitted to bring a mini-fridge (no larger than 4.0 cubic feet) and may have only one fridge per room. Electric appliances with exposed heating elements are not permitted. Rice cookers, toasters, George Forman grills may NOT be used in the residence halls. Coffee makers are allowed as long as they have an automatic shut-off feature. Students are allowed to bring their own microwaves as long as they are under 750 watts.

Our residence halls are smoke free, there is no smoking allowed in the residence halls at Clinton Community College. In addition, open flames, halogen lamps, incense, and cooking in the residence halls are prohibited.

## **Procedures for Student Housing Evacuation**

Evacuation plans are posted on each residence hall floor, and the evacuation procedures are discussed with incoming students at residence hall orientation . In addition, Fire Marshals are appointed on each residence hall floor, and procedures are reviewed during floor meetings. Residence Life and Security staff also conduct monthly health and safety inspections to make sure that sprinklers and smoke detectors in individual resident rooms are functioning properly. Students who do not comply with evacuation procedures are subject to judicial sanctions.

Each semester, the Residence Life staff meets with local Fire Department officials to review and discuss policies and procedures related to equipment and evacuation procedures.

### **Policies for Fire Safety Education and Training Programs for Students, Faculty and Staff**

During the beginning of each semester, residence hall students are trained by the Director of Buildings and Grounds on evacuation procedures and fire safety rules. Residence Life staff are trained by personnel from the local fire department during their annual training just prior to the opening of the residence halls. Topics include fire safety awareness, staff roles during an emergency, and proper use of fire safety devices (smoke detectors, pull stations, etc.).

During daily rounds, residence hall maintenance staff check fire extinguisher levels, exit signs, detectors, doors, pull stations and emergency lights within each residential unit.

Residence Life and maintenance staff conduct monthly Health and Safety inspections of student rooms to ensure compliance with all fire, health and safety policies.
